# XERAMIC® MOTORCYCLE CARE

**PM XERAMIC® CERAMIC SYNTHETIC CHAIN SPRAY**  
 PM XERAMIC® SYNTHETIC CHAIN SPRAY is an advanced chain spray with long-life properties, based on a ceramic material. This unique material, originally developed for use in space flight, has now been given a revolutionary application by PM XERAMIC®. PM XERAMIC® Synthetic Chain Spray is composed of synthetic elements, enriched with ceramic material and special additives that results in a unique lubrication. The PM XERAMIC® Synthetic Chain Spray does not dry-out; it keeps the chain flexible and is heat resistant. O-ring tested!

Part Nr. : 20108

Contents: 500 ml

**PM XERAMIC® CERAMIC WHITE CHAIN SPRAY**  
 PM XERAMIC® CERAMIC WHITE CHAIN SPRAY is based on high-tech ceramic material for optimal and long-term lubrication and protection under all circumstances. Great adhesive qualities, superb penetration, corrosion resistance, reduces wear and friction, keeps the chain flexible and is heat resistant. O-ring tested

Part Nr. : 20407

Contents: 500 ml

**PM XERAMIC® CHAIN & ENGINE CLEANER**  
 PM XERAMIC® CHAIN & ENGINE CLEANER is a very powerful and effective cleaner especially developed for motorcycle use. Due to unique formulations this active cleaning agent quickly removes oil and grease deposits from all contaminated parts such as chains, sprockets, engines and other metal parts without affecting lacquer. Dissolves quickly and effectively all deposits and ensures complete cleaning of non-accessible areas. Completely safe for 'O' ring chains.

Part Nr. : 20313

Contents: 500 ml

**PM XERAMIC® X-40 CERAMIC MULTI SPRAY**  
 PM XERAMIC® X-40 CERAMIC MULTI SPRAY. General maintenance lubricant with high-tech ceramic material for optimal and long-life protection. The ceramic material resists high temperatures and lubricates under all extreme circumstances. It has excellent water-resistance, great penetrating characteristics and sticks to any surface. Protects against corrosion and preserves rubber parts. For lubrication and protection of bearings, ball bearings, cables etc.

Part Nr. : 20405

Contents: 500 ml

# XERAMIC® MOTORCYCLE CARE

**PM XERAMIC® BRAKE CLEANER**  
Biodegradable multi cleaner for the effective and environmentally safe cleaning of brake components and other metal and/or plastic parts. Contains no chlorinated hydrocarbons. Does not corrode plastic and rubber components. A versatile, high-grade cleaning agent that even dissolves resinified contamination.

Part Nr. : 20315      Contents: 500 ml

**XERAMIC® GASKET & CARBON REMOVER**  
is a quick-acting product for easy removal of old gaskets and carbon residues before applying a new gasket. Because the product works fast and extremely effective, it is often not necessary to use a putty knife to remove the old gasket. This avoids scratches and other damage to soft and delicate metals. XERAMIC® 20154 Gasket & Carbon Remover is an indispensable piece of liquid tool in every workshop.

Part Nr. : 20154      Contents: 500 ml

**PM XERAMIC® CARBURETTOR CLEANER**  
PM XERAMIC® CARBURETTOR CLEANER dissolves gum, carbon and varnish deposits quick and effectively without dismantling the carburettor. Does not affect plastic and rubber parts and is free of chlorinated hydrocarbons. Suitable for all different types of carburettors.

Part Nr. : 20311      Contents: 500 ml

**PM XERAMIC® CONTACT CLEANER**  
PM XERAMIC® CONTACT CLEANER is a very effective cleaning liquid especially formulated for cleaning and decreasing all mechanical parts and systems such as dry clutches, brakes, spark plugs, contact breakers and electrical items from oil, grease and other deposits. A versatile, high-grade cleaning agent that even dissolves resinified contamination. This product is quick drying and ensures complete cleaning of difficult or non-accessible areas.

Part Nr. : 20312      Contents: 500 ml

**PM XERAMIC® INSTANT SILICON GASKETS**  
PM XERAMIC® INSTANT SILICON GASKETS in the unique Power Tubes are designed for engines fitted with oxygen sensors and available in 3 different colours with several temperature ranges and applications. Ideal for replacement gaskets for valve covers, transmissions and sumps, water pumps, thermostat housings, asbestos exhaust manifolds and many more. PM XERAMIC® Instant Silicon Gaskets resist transmission fluids, water, oil and anti-freeze and replaces cork, paper, felt and rubber gaskets. These products are not recommended for use on head gaskets or for continuous immersion in petrol or diesel. The PM XERAMIC® Instant Silicon Gaskets dispensers are easy to use with long-life performance.

- Red : extra high temperature temperature range -73°C up to + 343°C
- Black: high temperature temperature range -73°C up to + 250°C
- Grey\* : extra high temperature temperature range -50°C up to + 315°C

\*Acid-free and recommended for aluminium

Part Nr. : 20150      Contents: 200 ml      Red  
Part Nr. : 20151      Contents: 200 ml      Black  
Part Nr. : 20153      Contents: 200 ml      Grey

# XERAMIC® MOTORCYCLE CARE

## PM XERAMIC® HELMET INTERIOR CLEANER

For thoroughly removal of perspiration stains, bacteria, unpleasant smells, and miscellaneous dirt from the helmet interior. Has unique penetrating properties and therefore guarantees an optimal result. Shake can well before use and spray onto the interior of the helmet. Rub with a wet sponge to clean thoroughly the treated parts.

Part Nr. : 20403    Contents: 200 ml

## PM XERAMIC® HELMET VISOR CLEANER

For thoroughly and effective cleaning of the helmet visor. Removes greasy fingermarks and squashed insects without a problem and gives a sparkling finish to the helmet visor. Shake can well before use and spray sparingly onto surface. Wipe off immediately and polish with a clean and dry cloth.

Part Nr. : 20404    Contents: 200 ml

## PM XERAMIC® WAX POLISH

PM XERAMIC® WAX POLISH ensures long-term protection of the finish against water, salt and ultraviolet radiation. Cleans and preserves in one treatment and renews shine. For use on all finishes, synthetic elements, rims, chrome and aluminium parts. Stand 25cm away from surface to be sprayed when applying. After 5 minutes, wipe with clean soft cloth.

Part Nr. : 20409    Contents: 500 ml

## XERAMIC® HAND CLEANING POWER WIPES - 75 pieces

Impregnated hand cleaning wipes. Large heavy-duty towels textured for exceptional cleaning. Ideally suitable for use where water is not available. Mild for skin. Provides a fresh scent to the hands.

Part Nr. : 20427    Contents: 75 pieces

## PM XERAMIC® HANDCLEANER YELLOW

Powerful citrus hand cleaner for removing heavy duty industrial soiling. It is unique product formulation easily removes stubborn soiling like grease, tar, ink, adhesive and paint. Cleans and moisturizes the hands and prevents skin irritation.

Part Nr. : 20423    Contents: 600 ml  
Part Nr. : 20425    Contents: 4 ltr

# XERAMIC® MOTORCYCLE CARE

## PM XERAMIC® MOTO INJECTOR CLEANER

PM XERAMIC® MOTO INJECTOR CLEANER is a special additive for effective and thorough cleaning and protection of the injectors. Internal contamination in the engine may largely be attributed to the presence of sediment such as gum, varnish etc. in the injectors. As a consequence over time the engine operation deteriorates and the fuel consumption increases considerably. Therefore it is important to clean the injectors every 5.000 km by adding PM XERAMIC® Moto Injector Cleaner. Regular use will keep the injectors in prime condition and ensure optimum engine performance. Suitable for all petrol engines with injection system. To be applied every 5.000 km and in case of malfunctions. The content of the 125 ml package is suitable for a tank content of max. 25 litres.

Part Nr. : 20430

Contents: 125 ml

## PM XERAMIC® MOTO FUEL STABILISER

XERAMIC® MOTO FUEL STABILISER is a fuel additive designed for excellent preservation during winter storage. The product controls darkening and oxidation of the fuel, prevents rust and keeps the entire fuel system clean making easier start up after winter storage. The content of the 125 ml package is suitable for a tank content of max. 25 litres.

Part Nr. : 20434

Contents: 125 ml

## PM XERAMIC® MOTO ENGINE FLUSH

PM XERAMIC® MOTO ENGINE FLUSH for effective cleaning of the engine from sludge, gum, rust and varnish deposits in only 10 min. Acid-free and contains anti-corrosion and anti-oxidation additives which protects the engine during cleaning. Helps to release stuck valves and piston rings and increases compression. Does not affect metal parts and keeps the engine in prime condition. Suitable for all motorcycle engines. Add entire contents to the engine at operating temperature and allow engine to run for max. 10 min. at approx. 1.500 rpm. Switch of engine and drain engine oil. Replace oil filter and refill engine with new engine oil. Can be add to all types of engine oil.

Part Nr. : 20431

Contents: 125 ml

## PM XERAMIC® FUEL STABILISER & CONDITIONER

PM XERAMIC® FUEL STABILISER & CONDITIONER is a high-quality fuel additive specifically developed for the conditioning of the fuel and also ensures excellent preservation during the winter storage of the motorcycle. The product is preventing aging and decline of the fuel quality, prevents oxidation and ensures a smooth start after winter storage. Effectively protects the components of the injection system and carburettor. Can be used at each refuelling, normal use 10 ml for 5 litres of fuel, in case of storage for longer than one month 20 ml to 5 litres of fuel. Suitable for all petrol engines and comes in a special dispensing package.

Part Nr. : 20432  
Part Nr. : 20433

Contents: 250 ml  
Contents: 1 ltr
